All Saints Notices

SATs

Next week our Year 6 children will be taking their KS2 SATs. We wish them the best of luck with these - get plenty of rest and do your very best, but always remember, no test can measure how brilliant we know you are!

As a post-SATs treat, children will have a Rising Stars Experience Day, which is expected to be a whole day of fun!

Class 4 Visit RAF Hendon - Thursday 11th May

To enhance their project on World War II, Class 4 will be visiting The RAF Museum in Hendon and, in keeping with the theme, we ask the children to wear clothes that reflect WWII rather than their normal school uniform - for example, for the boys, shorts with a jumper and shirt and for girls a plain dress, skirt, shirt and cardigan.

Children will also need a packed lunch and again, to reflect our theme, we ask that lunches are in a 1940's style e.g. sandwiches in paper and secured with string, an apple, scrubbed carrot, rock cake etc. **Please ensure your child arrives to school by 8:45am for registration** for a prompt departure of 9am.

Fencing Tournament

Congratulations to all our children who participated in the Rising Stars Fencing Tournament last Friday - once again, they came away as WINNERS of the overall tournament and brought home the silver shield! Well done to **Alice & Owen** in Yr 2, **Skyrah & Adam** in Yr3, **Daisy & Rufus** in Yr4, **Livvie & Finn** in Yr5 and **Kim & Isaac** in Yr6. Also a thank you to our officiators, **Ruby, Max, Toby B, Alyssa and Toby D-S** in Yr6.

Walk to School Week 15th - 19th May

To promote Walk to School Week we encourage those families who usually drive to school each day to try and "park and stride" their way into school. Once again, Mr Whiteland will be hosting an exercise session in the playground to get the children motivated for the day.

WOW!

This week I have been really impressed with children in our Reception Class who have been learning how to name and describe 2D shapes using mathematical language. **Thiago, Katie and Joshua** came to show me the work they had completed independently. They were able to read a description and match it to the correct shape. **Erin, Lewis, George and Xavi** proudly showed me the work they had been doing on the class iPads. They used a Geoboard programme to make squares, triangles and hexagons they were all able to explain their learning clearly. I was super impressed! **Well done children.**

Bible Focus

This term in collective worship we are looking at Friendship. This week our bible reading was from Luke 24: 13 - 15. Next week our reading will be from John 10: 1 - 10.
